Dear colleagues,

We cordially invite you to join the 13<sup>th</sup> International AquaConSoil Conference that will focus on sustainable use and management of soil, sediment and groundwater.

AquaConSoil 2015 will take place in Copenhagen, the wonderful capital of Denmark, which is definitely worth more than one journey. The conference venue – Bella Center – lays side by side to the most extraordinary and largest Nordic design hotel, the Bella Sky.

AquaConSoil 2015 provides great opportunities for scientists, companies and policy makers to extend and enforce their network, start new cooperation activities and be informed of and inspired by the latest developments in the field of sustainable use and management of soil, sediment and groundwater.

Preliminary principal topics for the conference program are:

- Dealing with Contamination: Assessment and monitoring** • **Fisk assessment** • **Remediation** • **Management,**
- Functions of Soil and Groundwater: New subsurface activities** • **Competing claims** • **Win-win situations.**

The AquaConSoil program will offer Thematic Lecture Sessions, Poster Sessions, Special Sessions, Exhibition, Technical Tours, Courses and other accompanying side events.

AquaConSoil is organized by Helmholtz Centre for Environmental Research – UFZ and Deltares. Local co-organizer of the event is a strong consortium consisting of Danish scientists, policy makers, planners and practitioners, headed by the ATV Foundation of Soil and Groundwater.

Soon, a more detailed programme and further information can be found on our conference website: [www.aquaconsoil.org](http://www.aquaconsoil.org). Any news about the conference will also be announced via the AquaConSoil LinkedIn-group – become a member today!

We are looking forward to seeing you in Copenhagen in 2015.

Best wishes,

The AquaConSoil 2015 organisers
